The following pages are being uploaded to the OSSAA webpage STRICTLY AS A GUIDE TO SOLO AND ENSEMBLE LITERATURE.

In 1999 there was a desire to have a required list of solo and ensemble literature, similar to the PML that large groups are required to perform. Many hours were spent creating the following document to provide “graded lists” of literature for every instrument and voice part. The theory was a student who made a superior rating on a solo would be required to move up the list the next year, to a more challenging solo. After 2 years of debating the issue, the music advisory committee voted NOT to continue with the solo/ensemble required list because there was simply too much music written to confine a person to perform from such a limited list. In 2001 the music advisor committee voted NOT to proceed with the required list, but rather use it as “Recommended Literature” for each instrument or voice part. Any reference to “required lists” or “no exceptions” in this document need to be ignored, as it has not been updated since 2001.

If you have any questions as to the rules and regulations governing solo and ensemble events, please refer back to the OSSAA Rules and Regulation Manual for the current year, or contact the music administrator at the OSSAA.

SOLO ENSEMBLE REGULATIONS

1. **Pianos** - It is recommended that you use digital pianos when acoustic pianos are not available or if it is most cost effective to use a digital piano.
Specifications (set the volume at 75 to 80 %)
 - a) 88 keys
 - b) Full weighted hammer action
 - c) Stereo sampling
 - d) Sustain - damper pedal
 - e) Built-in amplification
2. **Eligibility**
Any soloist-ensemble which meets the eligibility requirements outlined in the OSSAA General Rules for Non-Athletic Activities, and complies with the specific regulations of this section, may be entered in the solo-ensemble competition. All solo-ensembles must be enrolled in grades 7 through 12 and will compete for ratings in a single classification for senior high school and a single classification for junior high school. Senior high school solo-ensemble contestants must qualify at a district contest with a Superior rating before they can enter the state contest. Ninth grade students may enter either junior high or high school competition but must qualify in high school competition to be eligible to participate in the state contest. There is no state contest for junior high school entries.
3. **Cancellations**
Should be reported to the contest manager by mail or phone before the date of the contest. In cases of cancellations the day of the contest, the contest manager should be notified, before the scheduled performance time.
4. **Emergency substitution.**
In emergency situations, the director may substitute another eligible student for an ensemble member after the entry has been submitted provided the substitute meets other OSSAA rules and regulations.
- 5 **Limitations:**
 - a) All solo contestants and members of ensembles must be members of a band, orchestra or vocal organization currently eligible to compete. Instrumental contestants must be entered by the instrumental director and vocal contestants must be entered by the vocal director. EXCEPTION: Students in a block schedule, enrolled first semester, and not the second semester, may still participate. Classical Guitar entries may be entered by a Certified Music Teacher employed by the school to teach classical guitar. This teacher must be present with his/her students at all OSSAA contests entered.
 - b. Where there is no organized band, orchestra or vocal organization in the school, students may enter solo competition provided they are certified by the principal and the music membership fee has been paid.
 - c. Senior high school ensemble membership is limited to not more than one half from junior high school. Junior high school ensemble membership must be from grades 7, 8 and 9. Sixth grade students may not compete as soloists or as sixth grade students may not compete as soloists or as members of ensembles.
 - d) A vocal contestant may enter once as a soloist and in not more than four ensembles. There can be no duplication of music or personnel in like ensembles with like number of members.
 - e) An instrumental contestant may enter in more than one solo event on a different instrument provided the instruments are not related. Related instruments are defined as: saxophones, A, Bb, Eb soprano clarinet, marimba, xylophone, or any keyboard instrument. A contestant cannot participate in two or more ensembles that are alike. A student may not enter more than four string ensembles.
 - f) Duets are approved as an ensemble only for all junior high competition and for high school vocal and high school string competition. High school students may perform an approved Brass or Woodwind, Sonata.
 - g) Directors are encouraged to limit the number of events one pianist may accompany. Recommend 20, do not recommend more than 40.
 - h) Instrumental ensemble maximum size is 18 members.
Vocal ensemble maximum size is 12 members.
 - j) Mixed Wind & Percussion Ensemble 774 Limit: one entry per school (Permitted only if the school does not have a band of 19 or more eligible members). Suggest performing music from the OSSAA Prescribed List.
6. **Selection of Music:**
 - a) One selection of the contestant's choice is required; however, the suitability of the selection may be a factor in the final rating. Directors not familiar with the level and type of music normally performed by high school students may use the OSSAA High School Recommended List as a guide. Exception: Brass, Woodwind, and String Sonatas --- String Ensembles that use a student piano player as part of the ensemble, --- Drum Set, and Classical Guitar Solos must perform from the OSSAA High School Recommended List.

Criteria For Classification of High School Solos and Ensembles from the OSSAA High Recommended List.

All listed selections have been placed into one of three classifications based upon specific criteria to determine the degree of difficulty of the selection.

The classifications are A, B, and C. Standard Repertoire is the same as Class A.

- Class A:** This category generally contains music of a grade 5 or 6 level. Music in this classification is of a high technical and musical demand requiring musical interpretation and skill from advanced performers. Extremes in range, technical difficulty, key rhythm, tempo and style could be present in these selections.
- Class B:** This category generally contains music of a grade 3 or 4 level. Music in this classification involves increasing demands of techniques, range, key, rhythm, tempo and style. Introduction to increased interpretation, special techniques and concepts previously learned in the fundamental music program is included.
- Class C:** This category generally contains music of a grade 1 or 2 level. Music in this classification contains easier keys, meter, ranges, rhythms, tempos and styles.

- b) Unaccompanied solos will be disqualified unless so conceived by the composer. This does not apply to ensembles. It is not necessary that the accompanist be a high school student. Exception: Brass, Woodwind, and String Sonatas must be accompanied by a high school student if both performers are to be adjudicated. Taped accompaniment will be acceptable for instrumental and vocal solos only.
- c) Piano accompaniment for vocal ensembles is to be left to the discretion of the director. EXCEPTION: If the music states "for rehearsal only" or (any statement indicating the selection is to be sung unaccompanied) the selection must be sung unaccompanied.
- d) When two like instrumental ensembles are entered from the same school there can be no duplication of personnel or music. Note: It is not considered a duplication of personnel if a student participates in two ensembles on unrelated instrument. Related instruments are defined as: saxophones, Bb, a and Eb soprano clarinets, marimba, xylophone, or any keyboard instrument.
- e) Vocal solo-ensemble music may be transposed to a different key at the option of the director or teacher.
- f) A soloist shall not replay or sing any selection he/she has used at district or state the previous year.
- g) An ensemble member shall not replay or sing any selection he/she has used a district or state the previous year.
- h) Music for a solo or ensemble may be an original composition.
- i) Any soloist receiving an Superior (I) or Excellent (II) rating is urged to perform the same classification or higher (if there is a higher class) the following year.
- j) Soloist receiving Good (III), Fair (IV) or Poor (V) are urged to perform a solo from the same classification or lower the following year..

7. Performance Regulations:

- a) District Contest: Performance time for instrumental solo-ensembles shall not exceed six minutes. Vocal solo-ensembles are permitted a maximum of five minutes.
- b) State Contest: Performance time for instrumental solo-ensembles shall not exceed eight minutes. Vocal solo-ensembles are permitted a maximum of five minutes. Cadenzas and repeats are optional if their inclusion would exceed the allotted time for performance, extended accompaniment interludes or introductions may be shortened.
- c) Each soloist and a member of, or the director of, an ensemble shall supply the judge with a conductor's score with the measures numbered. The judge is instructed not to permit performance to begin until he/she has received such a score. See Section VII-Copyright Regulation in the OSSAA Manual. The contest chairman would then schedule a new performance time if a performance time is available. (Judges are only allowed to make lightly on the score in pencil and the marks must be brief).
- d) All solos must be performed from memory except Sonatas from the OSSAA Recommended List. Judges are obligated to reduce the final rating of a soloist one division if the selection has not been memorized.
- e) All vocal ensembles must be performed from memory. Judges are obligated to reduce the final rating of a soloist one division if the selection has not been memorized.
- f) All instrumental ensembles may be performed with the music.
- g) Vocal ensembles are not to be directed by the teacher. A student may direct providing he/she is a performing member of the group and direct from within rather than in front of the group. Judges are obligated to reduce the final rating of an ensemble one division if this rule is violated.

8. Refund Policy

No refunds will be made for the withdrawal of any entry.

9. Audience Rights

All OSSAA solo-ensemble and concert events are open to the public. It is not appropriate to ask that any performance room be cleared prior to or during a performance.

SOLO EVENTS

**Must Be Memorized (or rating lowered one division). Exception: Sonatas from the OSSAA Recommended List
Underlined Events must perform Music From the OSSAA Recommended List**

Note: Use only the numbers in the event code to enter OSSAA contest.

STRING ENSEMBLES

STRING SONATA 824

No Exceptions

Selections performed from the 824 list are treated as an Ensemble and may be performed with the music.

Required Selection – Class A only.

This event is for piano and one string instrument. Both participants must be students and both will be judged. Exception: String performers may enter as a solo if the pianist is not a student. Use correct entry code for each string instrument. Example: Violin – 301 is Violin Solo; 302 is a Viola Solo; Sel ID would be the same for all.
